Larger companies (employing 100 or more staff)	80 (74 %)
Smaller companies (employing 50 – 99 staff)	28 (26 %)

“The relevant pay trend indicators are the result of a survey of the pay trend in companies of the private sector. Civil service pay adjustment is, however, a separate matter. In accordance with the established practice, the Government will take into account the pay trend indicators derived from the Pay Trend Survey and other pertinent considerations before making a decision on the 2019-2020 civil service pay adjustment,” Mr Lee added.

Mr Lee wishes to express the Committee’s sincere appreciation for the co-operation and assistance rendered by the companies to the Pay Survey and Research Unit.
