Mr Gordon M Macwhinnie,
Chairman,
Pay Level Survey Advisory Committee.

Dear Mr Macwhinnie,

Pay Level Survey - More Information Required

After preliminary study of the Hay Consultants' Report, HKCCSA finds that some more specific information/data, in addition to questions raised by the Staff Side, SCSC, should be made available to us :-

- (i) detail information of analysis and evaluation of the sizes of civil service and private sector jobs, with adequate sample demonstration for elaboration;
- (ii) detail calculation of individual fringe benefit data, including detail breakdown of miscellaneous allowances enjoyed by both sectors.

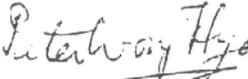

You may appreciate that if we do not have adequate information/data in hand, Members of this Pay Level Survey Advisory Committee would NOT be able to advise on the accuracy and reliability of the survey findings.

/Owing ...

Owing to the tight time schedule, I should be most grateful if the aforementioned information/data could be made available to us on or preferably before the next PLSAC meeting, so that we may have good time to study them and give our valuable advice before the end of this second round of meetings.

Thanking you in advance for your kind assistance.

Yours faithfully,

(Peter WONG Hyo)
Vice-President
HKCCSA

c.c. Secretary for the Civil Service
Members/Observers of PLSAC
